

SLIM LINE

- ✓ Small two axial fan heater with two airflow settings.
- ✓ Reduces overall maintenance.
- ✓ Compact design, a simple installation.
- ✓ Quality brand fans for longer life.
- ✓ Designed to be an auxiliary heater for buses, RV's and other passenger vehicles.

Housing Design	PA6+ GF30+ Metal Housing
Operating Voltage	12 V DC
Max Operating Voltage	13.2 V DC
Operating Current	10 A DC
Max Operating Current	11.8 A DC
Heating capacity	71,600 Btu/h
Air Flow	620 CFM
Port Diameter	0.787 Inch
Dimensions	8.009 inch x 5.264 inch x 16.220 inch
Weight	8.818 Lb
